A Freelance professional In Ballooning and Outdoor Activities to meet your needs

As a confirmed balloon pilot and organizer for tourist services, I now wish to provide you with **my experience and skills** within the following fields:

– Freelance Pilot of balloons of any size and any kind of flights for worldwide short-term or long-term missions

Free or Tethered flights, tour advertising, events organization, in France and abroad.

Thanks to my military experience, my numerous operations abroad (Lebanon, Chad, Gulf...) and with more than 1800 flight hours, my duly registered freelance status, I bring you **autonomy, flexibility** and **professionnal skills**.

Manager of Panète Balloon's network, I may, should I be already busy or in case of specific request, suggest you the required number of confirmed pilots and/or teams, for a temporary assignment, and this all over the world !

To replace an employee temporarily absent, for a special event, to build a new activity or to train your future pilots, do not hesitate to contact me to get my availabilities or those of the pilots of my network !

– Consultant for tourist activities all over the world

Thanks to my experience, I may assist you for the creation of a tourist activity linked to ballooning (hot air balloons or tethered helium balloons) and/or outdoor sports activities.

I assist you for your **preliminary steps** (choice for a location, investors' research, equipment selection, price negotiation for equipments complying with existing standards), the **launching of your activity** and the **training of your future pilots, teams and sales representatives**, and the **monitoring up to your total autonomy**.

Mobile, I accept **missions in France and abroad**, and **adjust my prices according to the country**.

Thanks to my military and professional experience, I am very independent and benefit by a very quick ability to adapt to any location or situation.

Among my recent missions :

India : Setting of an activity of hot air balloons over several months.

Algeria : Aerotouring development project and creation of a training school in the Algerian Great South with the Ministry of Tourism of Algeria.

France : creation and management for 10 years of one of the most important hot air balloons company of the Loire Castles. Award of tourism.

**Whether you are located in France or abroad,
I can meet your requirements, and bring you my professional skills and experience
to make your projects successful !**

– **Manager of Planète Balloon's network**

You are a pilot, a member of a balloons company in France or abroad ?

Join the Planète Balloon's network to be informed of future projects, events or pilot job offers!

By signing up on www.planeteballoon.com website, you will be duly informed through our Facebook page of the offers and demands for jobs and/or temporary missions that we receive from all the world and will therefore be able to submit your CVs or apply to supplement your seasonal employment and/or income !

Together let's make our Planet a Takeoff Land!
